

# INTERNATIONAL SCHOOL AWARD 2015-18

It is a great platform for AECS Magnolia Maaruti Public School in the International School Award under the aegis of British Council. The ISA flag ship has served as a bridge between us and partner school across the globe. It was an opportunity to network with likeminded schools across country and exchange new ideas and best practices.

We started our journey for the international school award in the year 2014 for which our Chairman of AECS group of institution Mrs. Geetha Venkatesh and the Secretary Mr. R Venkatesh received the award in November 2015.

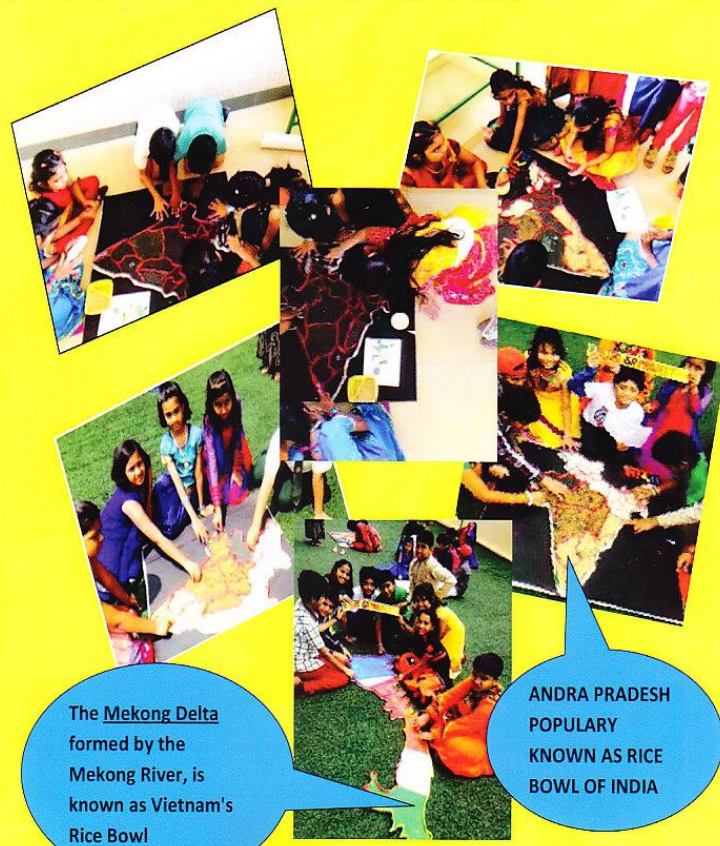

During this endeavor we exchanged and implemented various initiatives with our partner schools - Dayion Oryu Elementary School Korea, Nguyen Van Hunen Secondary School - Vietnam, Jessorezilla School Bangladesh, Kossmodel Junior High School- Ghana & Amos Okrah SDA JHS - Ghana through emails, collaborative projects, handwritten greeting cards, exchanging gifts, facebook and skype.

Our faculty and pupils enjoyed world wide connectivity, sharing and learning through this ISA voyage. This journey had brought a visible change in my students eager to try new things, go new places and get to know people different from themselves in culture, religion, education etc. - Interested in the world beyond the border of India.

Following projects were undertaken by our students.

## Project 1 : Rice-Sustainer of Human Race - Grade III to V

**STUDENTS MARKING THE RICE GROWING STATES IN THE MAP OF INDIA USING DIFFERENT VARIETIES OF RICE**

The Mekong Delta formed by the Mekong River, is known as Vietnam's Rice Bowl

It is imperative that each and every student possesses multicultural and global perspective gained through intellectual and social exchange with students of diverse background. So, we firmly believe and are committed that our students get engaged to the globalised world of 21<sup>st</sup> century through this ISA Project. We are committed for the same.
